

*Networking together, grandparents are
a vital resource for autism ... and each other!*

360 E. First St. #202, Tustin, CA 92780
www.ganinfo.org | info@ganinfo.org

**Our mission is to
promote awareness
and understanding of
autism and to enhance
the resources essential
to community
responsiveness.**

PROGRAMS

GAN encourages the development of new lifetime resources in education, job training, employment, transportation, housing and community integration.

GAN partners with local and national organizations, universities, hospitals and philanthropic groups to increase support for the autism community.

GAN recruits professional, community and student volunteers for projects to promote advocacy.

GAN participates in events that benefit three generations of family members affected by autism.

GAN is a 501(c)(3) non-profit organization. Contributions are tax-deductible to the extent allowed by law. Tax ID#20-5230144

FAMILY AUTISM NETWORK

The Family Autism Network is a program co-sponsored by GAN to increase access to local and national autism resources.

The FAN website, www.faninfo.org, posts autism events in Orange County, California and it shares ideas and resources for grandparents and their families world-wide.

360 E. First St. #202, Tustin, CA 92780

MEMBERSHIP

Free membership, online at www.ganinfo.org, provides **tools and new resources for grandparents** and their families.

Grandparents are informed about the **medical, educational, legal and social issues** that impact all generations.

Current discoveries are reported regarding the **causes, diagnosis and treatment of autism**.

Autism experts and grandparents share **practical tips and recommendations** that benefit families.

Guides are available for starting **new grandparent support groups**, and for sponsoring **projects and events in other communities**.

“ **From its inception, GAN has helped grandparents to increase knowledge, support and resources for their families and the community.** ”

Joseph H. Donnelly, M.D.
*Medical Director, The Center for Autism
& Neurodevelopmental Disorders*
